

EasyCabin  
**Ecosmart**  
**6 man**  
 WELFARE UNIT

**Mobile self contained welfare facilities, ideal for any size or type of site. Easy to use, easy to move.**

**EFFICIENT**

**Ecosmart technology**

Minimises power usage of the generator, to operate in the most efficient way possible.

**POWERFUL**

**Economical generator**

Ecosmart welfare units use innovative hybrid eco-technology & low maintenance components.

**LIGHTER + STRONGER**

**Easy to move**

Ecosmart welfare units are loved by users for their stable towing behavior and low weight.

**NO NONSENSE**

**30s setup**

Ecosmart welfare units have hydraulic axles. Ready to use in 30 seconds.<sup>(1)</sup>

# EasyCabin EcoSmart 6 man WELFARE UNIT

**250kg PAYLOAD**

**Tow safe & legal**  
Fully loaded & site-ready, there is a spare 250kg payload for your tools!

**30s Setup**

**Hydraulic axles**

**Step 1**  
Un hitch.  
Hand brake on.  
Turn generator on.

**Step 2**  
Wind up jockey wheel.  
Turn ON isolator switch in cabin.

**Step 3**  
Use hydraulic controls.  
Turn OFF isolator switch in cabin.  
You are now parked and secure.

## Movability

- Lightweight easy to tow
- Soft cushioning Hydraulic system
- Balanced loading, with generator in the front, for better towing
- 13" wheels with the ability in the event of a puncture to change at the side of the road with ease
- Road lights and number plate holder built in, No need for a tailboard to be fitted
- Accidental collision can occur, however our corners are designed to absorb impact and are easily maintained

## Facilities

- Easy to use canteen facilities; kettle & microwave
- Spacious & comfortable seating area
- Warm water washing facilities
- Recirculating toilet
- Forearm wash basin
- All interior and exterior surfaces are tough, durable and wipe clean
- Spacious drying room with hanging clothes facility
- Plug and play sockets: USB's without the generator and 230v sockets

## Sustainability

- Fully insulated wall and roof system with no cold bridging
- PIR activated LED lighting & hot water without the need for the generator
- Low noise pollution
- Low fuel consumption
- Low CO2 emissions
- Automatic generator timed shut off for unnecessary fuel usage
- Low energy LED road lights

## Security / Safety

- Dual heavy duty locking system per door
- Robust galvanised exterior with high impact resistance
- Unique hydraulic system for setup in 30 seconds

### FOOTNOTES

As part of our on-going commitment to improvement we reserve the right to alter specifications, designs or figures, without prior notice. All dimensions and weights are approximate.

(1) Figures quoted based on "optimum use", with the generator not running, no appliances used, no hydraulics used and no diesel/electric heating within the stated time period.

(2) While in un-hitched state, timed from the start of axle retract sequence, until the unit is seated and the cabin door is opened.

(a) Costs = Red diesel @ 56p/litre. Savings = Compared to an EasyCabin standard 12 with a 6Kva generator. All figures quoted for guidance only & do not include use of hydraulics.

A full energy presentation is available on request.
